*What differences do you notice in the structure and framework of the new 2017 Music Standards compared to the 1996 Standards?*

*For the first time, the Music Standards are organized into five strands, allowing for depth and breath of musical experiences.*

*Who generates the ideas in your classroom? How can you prompt students in thought provoking ways to enable them to generate original ideas?*

*How can you build in student choice and decision making while still scaffolding their learning and supporting their success?*
